

ASEN 5519: Science of Autonomous Systems
Fall 2023 Course Syllabus

General Information 2023

ACCOMMODATION FOR DISABILITIES, TEMPORARY MEDICAL CONDITIONS, AND MEDICAL ISOLATION Disability Services determines accommodations based on documented disabilities in the academic environment. If you qualify for accommodations because of a disability, submit your accommodation letter from Disability Services to your faculty member in a timely manner so your needs can be addressed. Contact Disability Services at 303-492-8671 or dsinfo@colorado.edu for further assistance.

If you have a temporary medical condition or required medical isolation for which you require accommodation, please contact the instructor via email as soon as possible. Because of FERPA student privacy laws, you are not required to state the nature of your illness or condition when alerting the instructor. "Doctor's notes" are not required for classes missed due to illness; campus health services no longer provide "doctor's notes" or appointment verifications. Also see Temporary Medical Conditions on the Disability Services website.

PREFERRED STUDENT NAMES AND PRONOUNS CU Boulder recognizes that students' legal information doesn't always align with howTf3.801 0 Td(recognizes)Tj/T1_1 d[(w).

RELIGIOUS HOLIDAYS Campus policy regarding religious observances requires that faculty make every effort to deal reasonably and fairly with all students who, because of religious obligations, have conflicts with scheduled exams, assignments or required attendance. In this class, you must notify the instructor at least 2 weeks in advance to schedule make up for completing and turning in any assignment (see Course Details above).

See the campus policy regarding religious observances for full details.

MENTAL HEALTH AND WELLNESS The University of Colorado Boulder is committed to the well-being of all students. If you are struggling with personal stressors, mental health or substance use concerns that are impacting academic or daily life, please contact Counseling and Psychiatric Services (CAPS) located in C4C or call (303) 492-2277, 24/7.

Free and unlimited telehealth is also available through Academic Live Care. The Academic Live Care site also provides information about additional wellness services on campus that are available to students.
