## ADDITIONAL COURSE/UNIVERSITY POLICIES

### POLICY ON CHEATING:

#### NETIQUETTE:

All students should be aware that their behavior impacts other people, even online. I hope that we will all strive to develop a positive and supportive environment and will be courteous to fellow students and your instructor. Due to the nature of the online environment, there are some things to remember.

Keep in mind that operating online requires us to communicate with each other through written text. Therefore, the online environment is missing many of the nuances that we can provide in face-to-face communication (tone of voice, facial expressions, etc.). Thus, online, be sure to pay close attention to: tone of voice (is your language possibly strong or offensive?); clearness of communication (did you clearly explain your thoughts, or do excessive typos confuse your message?). Some additional steps to consider:

1. Always think before you write. In other words, without the use of non-verbals with your message, your message can be misinterpreted. So please think twice before you hit submit.
2. Treat people the same as you would face-to-face. In other words, it is easy to hide behind the computer. In some cases, it empowers people to treat others in ways they would not in person. Remember there is a person behind the name on your screen. Treat all with dignity and respect and you can expect that in return.
3. Respect the time of others. Always remember that you are not the only person with a busy schedule, be flexible. Do not procrastinate! You may be one that works best with the pressures of the deadline looming on you, but others may not be that way, and I need to give them the same helpful feedback that you may require.
4. Keep it relevant. There are places to chat and post for fun everyday stuff. Do not stray from the discussion in the assigned questions.
5. Never use all caps. This is the equivalent of yelling in the online world. It is not fun to read. Only use capital letters when appropriate.

#### TECHNOLOGY REQUIREMENTS:

to view the lecture videos and the other content in this course. When you take quizzes, we recommend you use either a desktop computer or a laptop in a quiet location with a secure AND RELIABLE connection. We do NOT recommend using an iPad or other mobile device to take a quiz. If you have access to a high-speed wired connection, that's preferable to a wireless connection. We recommended that you have installed the latest versions of Adobe Flash, Adobe Reader, and QuickTime.

### POLICY ON DUE DATES:

As stated above, in each module you will complete assignments that reflect material from the various delivery formats and required readings. It is your responsibility to turn in each assignment on the required date. If you are late to submit a MindTap assignment (homework, quizzes and exams), you will receive a zero. All discussion assignments turned in after the scheduled due date will be lowered by 15 points for each 12-hour period late. The exceptions that may be considered are due to sickness, university excused functions, or circumstances beyond the students' control. The instructor reserves the sole right to determine what grounds constitutes a reasonable excuse for missing or submitting a late work assignment, the right to require the student to submit proper verification of such excuse.

### ADDITIONAL SUPPORT SERVICES

A variety of instructional support services, such as writing center, guidance on personal or educational issues, tutoring questions and library resources are available to the students. For more information about their services, visit their websites linked under additional resources on Canvas.
