Grading:

Grades will be determined on the basis of your performance on 11 quizzes, 2 midterms, and a cumulative final exam. Quizzes will be administered each Wednesday in class time. Your lowest quiz grade will be dropped and the other 10 will be averaged together to obtain your quiz grade. The quiz grade is worth 20% of your over all grade.

The midterms will be administered on February 14 and March 21 in class. Each test is worth 25% of the course grade. The midterms are not cumulative and will cover only the material since the previous test.

The final exam is scheduled for *Dec 19th (Tue.)* from *7.30 to 10 pm*. The final exam is worth 30% of your grade and will consist of two parts. A “midterm” sized section will cover all of the material after midterm #3 and be worth 15% of your grade in the course. The rest of the final will cover material from the entire course.

Make-Up Exams:

If you miss the midterm for some reason, there will be no make up exam. But at the end of the semester you will be offered to take an optional exam that can be count for your missed midterm. Also, if you are not satisfied with one of your midterm grades you can also take an optional exam, and I will replace your previous grade with the one from the optional midterm (of course if it is higher than original one)
